What To Do Next?

01

Review the features of Azure workloads.

02

Practice Azure services a little every day.

03

Take practice tests.

04

Practice navigating the Secure browser & the test environment.

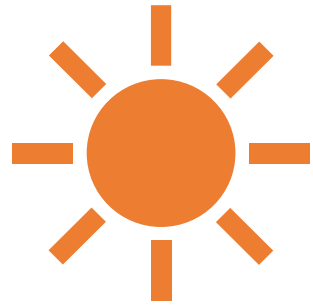

Taking Exam at Centre

- Check the exam centers available near your place.
- Check their reviews & photos in maps to get an idea about their infrastructure.
- I recommend Pearson Centers.

Taking Exam at Home

- **Selecting exam slots**
 - Select the time when you have a minimum disturbance.
 - Kids are off to school.
 - Off-peak hours to avoid vehicle noise.
 - Morning 10 am works best for me.
- **Run a system check**
 - Ensure your laptop passes the system check.
 - You may use your laptop's built-in webcam and mic for the exam.
- **Get your space ready**
 - No clutters in your room.
